

Ovington Mk10 Flying Fifteen

The Mark 10 Flying Fifteen hull was successfully introduced using the original deck moulds. In 2006 we designed and built stunning new deck moulds which have improved the ergonomics and simplified fitting out – it also makes this timeless classic look even better.

Hull Features include:-

- Highly polished gel coat finish with choice of waterline colour
- Epoxy, Glass, Foam sandwich construction
- Vacuum bagged and post cured
- Carbon laminate in high stress areas
- Choice of fitted centre console, 'Wedge' or 'Flat Top'
- Moulded jib cleat mounts
- Moulded spinnaker cleat mounts
- Internal guides for spinnaker sheets
- Integral double floor
- Removable 'Tunnel cover'
- Supplied with spinnaker chute cover
- Aggressive non slip floor

The Ovington Flying Fifteen is without doubt the most successful and best built 'Fifteen' available. The shape is fast and the boats are built to last, they have been used to win most of the World and UK National championships during the past ten years including the 2007 World Championship.

Specification			
Overall Length	6.10 m	Beam	1.52 m
Hull Weight	305 kg	Sail Area Main & Jib	13.94 sq.m
